

**Exciting Year-End News from Pet Savers!!**

We are excited to announce two new giving programs that Pet Savers has initiated in recent weeks. But first, we'd like to acknowledge how important your support over the years has been in helping us help our community.

*"Without Pet Savers not only would Spokane and its surrounding counties be doomed, but probably the whole state. Don't doubt the huge impact this group has. All my pets see Pet Savers to be altered and vaccinated. Everyone is treated equally when you enter there location no matter the order you enter. Thank you Pet Savers we owe you more than words of gratitude for your help in keeping the pet population safe and under control."*

*~ Cairn Davidson - Google Reviews*

Many of you have been long-standing clients and understand the value of what Pet Savers offers our community, while a portion of you have been loyal donors and supporters. We thank you all for your support and patronage. You have either been a recipient of or helped us provide over **77,200** surgeries for pet owners of the Inland Northwest since 2005. Thank you!

If there's one thing we've learned in our 15 years of providing excellent and affordable spay, neuter, and vaccination services, it's your love and passion for your furry family members and your general shared passion for our mission to save lives through prevention. So without further ado I'm excited to announce the following.

*Stephanie Napier*  
Executive Director

**Pet Savers Hero Fund**

**You can now provide scholarships for pet owners that are unable to afford spay, neuter, and vaccinations for their fur babies!**

Your hero work is paid forward to our clients.

*"Pet Savers helped sponsor my puppy for a donation so he can be fixed when I couldn't afford it. Such an amazing company."*

*~ Kandice Alli Kelly, Facebook Recommendations*

**Shop and Save Lives!**

*"This veterinary clinic is truly sent here by angels. They do an awesome job and charge you only what is absolutely needed. They are professional, compassionate, friendly, and they work with you on payment options. These angels SAVED MY DOGS LIFE".*

*~ Judy Perrenoud, pyometra/spay patient owner, Google Reviews*

The U. S. Humane Society shows that average dog and cat care expenses are a moderate \$1,400 for dogs and \$800 for cats, however, this is still out of reach for large portions of the population.

Additionally, 19 million pets (23.8%) in the U.S. are owned by people that live in underserved areas, 88% of those pets have not been altered and 69% have never visited a veterinarian.

Deriving these national statistics for Pet Savers' service area it's safe to say that there are nearly 80,000 underserved pets living in the Inland Northwest.

**You can make a direct difference!**

Unwanted litters of kittens or puppies, community cats, behavior issues, or escalating vet bills are typically the reasons pets are surrendered.

This can result in heartbreaking loss of life due to overcrowding and funding issues.

With your help we are devoted to saving lives through prevention of illness, behavior issues, and unplanned litters.

And best of all, you can get some sweet gifts for friends and families, and even your pets, and *every dollar spent goes to support Pet Savers' mission.*

**Together we are making a difference!**
